The Roundtable of Food Professionals is an organization whose objective is to provide opportunities for development and career expansion within the diverse Food Industry. To empower our members to be more successful through sharing of business leads and ideas in a way that provides support and develops leadership opportunities.

Through mentoring, networking and education RFP seeks to enhance the food professional's career in all segments of the diverse food industry. We bring together a broad range of food professionals; the result is a cohesive organization that benefits every segment of the industry. Our interactive "mastermind sessions" and Dinner Roundtables create relationships where all gain a broader perspective of the industry at large and personal growth as well.
